Day 1 – Transfer Calafate Airport to Hotel

Day 2 – FD Minitrekking Perito Moreno Glacier (Allowed Only 10/65 years Old)

From El Calafate, after an 85km ride, we will get to the embarking pier located in "Bajo de las Sombras" bay, about 6 km before the glacier Balconies, for a 20 minutes navigation across the Rico Arm, enjoying breathtaking views of the glacier's front walls and Icebergs Channel. We will disembark on the opposite shore, where specialized mountain guides will welcome you and lead to a small shelter. After checking the last details, small groups will follow their guides along the lake's shore towards the edge of the glacier. Once on the ice the guides put each participant a pair of crampons on, and explain how to use them. The two hours circuit that follows introduces you to the fascinating landscape of the glaciers: stremes, small lagoons, gullies, cravasses and plenty of ice formations of the most incredible blues. The trekking is moderate. The ice surface over which you walk is irregular, but firm and safe. You will receive explanations about flora, fauna and general glaciology of the region and also about the particular phenomenon that happens in the Perito Moreno Glacier and eventually produces its rupture. After the walk, a stroll through the forest brings you back to the shelter. We will have free time to admire the glacier. Return to El Calafate.
