

PRE TOUR

❖ **Tour Name: ONLY FOR NATURE LOVERS**

❖ **Tour Duration:** 4 days / 3 nights

Dates: 14 – 17 september 2019 (PRE TOUR)

Start: Aeropuerto de Quito

End: Aeropuerto de Quito

❖ **Description:**

Yasuni National Park is known as a biodiversity hotspot where the highest numbers of amphibian, bird, mammal, and vascular plant species intersect on a daily basis. Visitors can choose from a number of different vantage points to admire the spectacular, vibrant, awe-inspiring diversity of life in the Amazon Basin. A few of the exhilarating activities in the Amazon:

- **FOREST TRAILS:** There are big chances for you to see a great variety of wildlife such as insects, birds, reptiles and mammals. Some typical animals you may watch in the jungle are: anacondas and other snake species, spiders, giant armadillo, birds such as hoatzins, macaws, toucans, parakeets, parrots as well as monkeys, tapirs, ocelots, etc.
- **CANOPY OBSERVATION TOWER:** Get a close up view of the jungle and its diverse flora and fauna. This 36 meters observation tower was built just next to a huge tree and it offers you the best view of the Amazon Rainforest. Observe flocks of colorful birds flying and the magnificence of the trees, flowers and nature the Amazonia gives us.
- **CANOE RIDING:** Explore the black waters of the Anangu Lake and the Napo River creeks on board of a motorized or paddle-canoe! In the river, creeks and lakes of the Amazon jungle we can find hundreds of different aquatic animals such as fish, caimans, turtles, piranhas and giant otters.
- **PARROT CLAY LICKS:** Are the most stunning nature spectacles to see in the Amazonia. These are natural banks containing great amount of minerals that birds and different animals feed up with. This event starts early in the morning when hundreds of vibrantly colored birds visit the licks.
- **INTERPRETATIVE CENTER:** Learn about the Kichwa Anangu community traditions and culture of the Napo Wildlife Center hosts. Women of the community will welcome you with typical dances, rituals, handcrafts food and drinks.
- **BIRDING:** More than 610 bird species inventoried within the Yasuni National Park, give the visitors the best experience in bird watching, an unforgettable adventure in the most biodiverse place on earth.
