## KAPARI EXPERIENCE FOR TMLA ATTENDEES

Kapari Natural Lodge & Spa is located less than 90 km. from Quito, an ideal option for nature and relaxation lovers. Its fully renovated facilities and unique attractions where tourists can enjoy several tours within its network of 5km of trails, depending on the interest and level of difficulty such as the path Latitude 0, where you will feel part of nature and it is possible to discover a unique energetic point in the equinoctial line, and the waterfall of the same name, a unique opportunity to reencounter with nature.

For the more adventurous, there is a rappel circuit in the waterfalls of the "Yumbos" trail created in honor of the millennial inhabitants of the area and where you can experience first-hand how transportation was done in the Andes through the so-called "culuncos" that emulate natural tunnels in the middle of the forest, as well as providing shade, it is a special place for rest until reaching the torrential Blanco River, a natural wonder

## KAPARI EXPERIENCE

For those seeking relaxation, the heated pool and outdoor Jacuzzi is the ideal choice on a clear day, while enjoying a cocktail or chopped with a privileged view of the Rio Blanco Valley, it is possible to receive a relaxing massage at the Spa by expert hands or why not yoga or guided meditation to appreciate the contact with nature in a unique environment.

With a difference in altitude from 1000 masl. to 700 masl., there is the opportunity to visit several ecosystems in a single visit, such as the cloud forest, montane and sub-tropical forest with the variety of flora and fauna of a biodiverse place such as the Chocó Biosphere Reserve.

A paradise for birdwatchers and nature photographers to find more than 400 species of birds in the area including 16 species of hummingbirds that can be easily seen in the bird garden, all accompanied by specialized guides, you can even see mammals like the sloth perched on the branch of a tree, armadillos or the curious "olinguito" among the thick forest.

## DISCOVER THE CLOUD FOREST
