- Gamboa Rainforest Adventure Tour

You will marvel at the experience of the Gamboa jungle green from within, ascending about 280 feet from the shadow of the forest floor, through the dense undergrowth and up to the canopy sunbathed in its thousand shades of green that is only interrupted by the vibrant colors of the flowering trees.

Colorful birds and butterflies abound in Gamboa and you can also find sloths and hear the cry of the howler monkey. Once at the top, you will have the opportunity to climb our observation tower (also wheelchair accessible), where you will have uninterrupted views of the great rainforest of the Soberanía National Park, as well as the narrowest part of the Panama Canal.

Once our visit to the Cable Car and Natural Exhibitions is over, we will take a 20-minute walk through the heart of the Panama Canal. The boat will slow down and enter the labyrinth of jungle islands of Gatun Lake. In this protected area the fauna is abundant, and it is probable that we will find capuchin monkeys, sloths, howler monkeys, several kinds of toucans, as well as caimans, crocodiles, turtles and butterflies in abundance.

This is an exceptional place to experience the sights and sounds of the jungle. Our trained naturalist guides will ensure that you have a unique experience.

- Tucked deep in the mystical Soberanía National Park at the meeting place of the Chagres River and the Panama Canal, Gamboa Rainforest Reserve is an exceptional destination. It's where contemporary comfort and warm, fascinating adventures come together to offer the best accommodation for experiencing the unspoiled beauty of the Panamanian rainforest.

Just 30 minutes from Panama City on 340 acres overlooking the Panama Canal, you can commune with nature in a pristine environment that explorers and pirates once tread. Each of our well-appointed, eco-lodge-style rooms and suites offers an authentic and relaxing escape from the bustle and distractions of everyday life.

From exhilarating aerial tram rides, night safaris on the Chagres River and Panama Canal kayaking adventures to guided boat tours, fishing expeditions and much more, Gamboa Rainforest Reserve is an exotic vacation sanctuary, where individuals, groups and families enjoy memories to last a lifetime
