

ANDEAN HORSE RIDING AT LA ESTRIBERA A PRIVATE URBAN HORSE FARM

After breakfast, departure to La Estribera Hacienda, only 40 minutes south of Quito, located in a unique area between the inhabited valleys of Los Chillos and the southern part of the city, with magnificent views of the volcanoes and the southern valleys, a great place just outside the city, so we can share both worlds in one day and have the taste and feeling of riding in the Andes.

The owners, the Cedeño family, have extensive experience as horse breeders and polo players. Carlos, the third generation, will be your personal host and Santiago, from Ecuador Unique, one of the owners and very experienced in horse riding.

After a two-hour ride, we will enjoy an Ecuadorian picnic, served and prepared by the family, offering some of the traditional Ecuadorian delicacies as part of the experience.

In the afternoon, we return to the metropolitan area. Here you can spend the day exploring or simply relaxing.
